Bachelor of Computer Applications (BCA)
Presidency College, Bengaluru - 2026

Higher Secondary Education (NEB)
Shree Sunlight Public School, Kanchanpur, Nepal - 2022
Percentage: 71%

Secondary Education (NEB)
Shree Sunlight Public School, Kanchanpur, Nepal - 2020
Percentage: 70%

Projects

Major Project - PG Rental Management System – Final Year Project

Dec 2025 – Feb 2026

- Developed a web-based PG Rental Management System with role-based access (Admin, Owner, Tenant).
- Implemented room availability tracking, tenant management, booking requests, and rent status monitoring.
- Focused on scalability, clean UI/UX design, and efficient database handling by using Supabase which is Cloud for data storage.

Minor Project -1: Deepseek AI Clone (API integration)

June 2025 – Aug 2025

- Developed a DeepSeek-inspired AI with conversational, reasoning-based responses instead of raw data.
- Built a modular, API switching architecture using open-source and browser-native technologies for long-term, cost-free usage.

- Added features including message search, pinning, and export to pdf word file, Web, Word with professional file previews

Minor Project -2: Weather Forecast App (API Integration)

Aug 2025 – Oct 2025

- Developed a Weather Forecast Web Application using JavaScript with OpenWeather API integration.
- Implemented real-time weather data retrieval, including temperature, humidity, and atmospheric conditions for multiple cities.
- Designed a responsive and intuitive interface to enhance user experience and accurate data visualization.

Skills

1. Technical Skills:

- Programming: Python
- Web Development: HTML5, CSS3, JavaScript
- Databases: Postgresql, Firebase, Supabase
- Tools: , VS Code, GitHub Copilot
- Concepts: OOPs concept, (Basics)

2. Soft Skills:

Problem solving, Communication, Time Management, Leadership Skills, Analytical Skills

Achievements/ Certifications

- Secured 2nd place in an Inter-College IT Quiz competition against 50+ teams from BMSIT, Shesadripuram, and other reputed institutions . (2025)
- Achieved Sergeant Rank and earned ‘B’ Certificate in NCC. (2025)
- Generative AI: Microsoft - (Linkedin Learning) (2025)
- Web Development - (Internshala) (2024)
- AI Basics - Accenture via FutureLearn (2024)

Extracurricular Activities

- Volunteered in organizing college and inter-college events, supporting coordination and smooth execution.
- Active participant in IT competitions at Shesadripuram, BMSIT, Ramaiah and other reputed colleges.
- Successfully completed NCC training camps (CATC1 & CATC2), gaining discipline, leadership, and teamwork experience.
